

Simple. Reliable. Private.

WhatsApp from Meta is a FREE messaging and video calling app. It's used by over 2B people in more than 180 countries. It's simple, reliable, and private, so you can easily keep in touch with your friends and family. WhatsApp works across mobile and desktop even on slow connections, with no subscription fees\*.

#### Private messaging across the world

Your personal messages and calls to friends and family are end-to-end encrypted. No one outside of your chats, not even WhatsApp, can read or listen to them.

#### Simple and secure connections, right away

All you need is your phone number, no user names or logins. You can quickly view your contacts who are on WhatsApp and start messaging.

#### High quality voice and video calls

Make secure video and voice calls with up to 32 people for free\*. Your calls work across mobile devices using your phone's Internet service, even on slow connections.

#### Group chats to keep you in contact

Stay in touch with your friends and family. End-to-end encrypted group chats let you share messages, photos, videos and documents across mobile and desktop.

#### Stay connected in real time

Share your location with only those in your individual or group chat, and stop sharing at any time. Or record a voice message to connect quickly.

#### Share daily moments through Status

Status allows you to share text, photos, video and GIF updates that disappear after 24 hours. You can choose to share status posts with all your contacts or just selected ones.

Use WhatsApp on your Wear OS watch to continue conversations, reply to messages, and take calls - all from your wrist. And, leverage tiles and complications to easily access your chats and send voice messages.
